WORK EXPERIENCE

<u>Freelance</u> Jan 2023 - Present

Creative Director / Lead UX Designer

- · Led project design for esteemed clients like Johnson, Meta, Lamb Weston, and Universal
- Pioneered innovative designs that catalyzed successful funding in dynamic start-up environments (Fintech, Social, B2B, and SaaS).
- Delivered extensive UI/UX design services including persona creation, user flows, wire-framing, final design deliverables, brand redesigns, and prototype development.
- Orchestrated teams of designers, copywriters, producers, and researchers to deliver products that met strategic goals, aligned with stakeholder vision, and respected budget limits.
- Functioned as a Consultant for numerous startups by optimizing workflows which led to heightened productivity and sales.

<u>Amazon</u> March 2020 - Jan 2023

Creative Director / Lead UX Designer

- Directed and led UX/Customer Experience efforts from initiation to launch of a new-to-world product, generating lifetime ratings above 4.5 stars, with 72% of users rating the product at 5 stars.
- Led and art directed a diverse team of 20+ designers, ensuring unified creativity across all experiences.
- Fostered collaborations with internal/external creative & technical teams to brainstorm innovative digital experiences that aligned with business objectives while using a customer-centric approach.
- Championed innovative creative direction, UX solutions, and comprehensive product management.
- Served as the primary liaison with external IP holders such as Disney, Marvel, ViacomCBS, and Mattel
 to launch new digital experiences successfully.
- Mastered oversight of project schedules, budgets, and deliverables while maintaining effective communication with stakeholders and team members.
- Strategized with data analytics to modify designs based on real-world metrics.
- Laid off due to economic conditions: not performance related.

POP: Marketing/Advertising Agency

March 2019 - March 2020

Associate Creative Director

- Led design and UX for Netgear's first successful D2C store, resulting in an impressive increase of 2.1 million registrations and 800,000 app users in Q3 alone.
- Managed and art directed a diverse team of 25 designers and copywriters on T-Mobile's extensive sitewide redesign encompassing over 100 pages.
- Led art direction and UX design of numerous successful ad campaigns for Target.
- Managed over \$1M in budgets and ensured timely execution on over 30 projects.
- Instituted comprehensive accessibility training programs for all domestic and international team members, including 250 dedicated personnel.
- Redesigned Target's corporate web presence by creating a comprehensive style guide and UX/UI concepts.

<u>University of Washington: Marketing and Communications</u> Interactive Art Director

Feb 2016 - March 2019

- Led design of the university's biggest ever fundraising campaign, successfully raising over \$6 Billion.
- Managed a dynamic, dedicated team of 12 videographers, designers, and editors that augmented social media interactions by an impressive, unprecedented 300%.
- Captured both Gold and Grand Gold CASE Awards for exceptional work in advertising, video production, visual design and electronic/visual media.
- Directed and designed visual assets for a captivating live projection mapping campaign event with over 10.000 attendees.

ReviveHealth: Marketing/Advertising Agency

Feb 2015 - Feb 2016

Senior Interactive Designer

- Served as the primary creative designer and director agency wide.
- Managed a dynamic team of 20 freelance professionals and direct reports, including designers, copywriters, and talented videographers.
- Executed audits on five healthcare groups, including Aetna, Blue Cross, and Kaiser, saving \$100k and enhancing campaign targeting.
- Directed strategic UX/UI for a new CityLife campaign, boosting user increase by 232% in two months.
- Successfully managed all digital and creative budgets while working with digital agencies to concept, create, and produce ads for multiple healthcare campaigns.

Trailer Park: Marketing/Advertising Agency

Jan 2014 - Feb 2015

Art Director

- Conceptualized, designed, and won \$1M+ in projects via innovative pitches.
- Led design and direction of the Jurassic World marketing campaign, winning a Bronze ADDY, Silver CLIO, and a Gold W3 award.
- Orchestrated and designed 20+ full-scale cross-platform digital ad campaigns that averaged a 2.10
 Nielsen Media Research rating.
- Collaborated closely with high-profile clients including **Universal Pictures**, **Amazon**, **National Geographic**, and **Disney** to meet their unique needs.
- Engineered a comprehensive digital advertising and marketing strategy for Motion Picture marketing, overseeing its development and execution.

Sony Pictures

Aug 2005 - Jan 2014

Interactive Designer

- Developed and designed UI, UX, and ad concepts for 160+ Sony Pictures Entertainment properties.
- Established company-wide design and development best practices for over 120 employees.
- Delivered UI concepts and interaction design for The Smurfs campaign, winning an FWA award.
- Utilized emerging technologies to create new first-in-class experiences in a digital environment.
- Designed the UX for the Adventures of Tin-Tin site and campaign resulting in an FWA award.
- Managed globalization/localization processes in UK, Japan, New Zealand, and EU markets.
